Read the following information carefully and answer the given questions.

Sacrifice, a religious rite in which an object is offered to a divinity in order to establish, maintain, or restore a right relationship of a human being to the sacred order. It is possible to analyse the rite of sacrifice in terms of six different elements: the sacrificer, the material of the offering, the time and place of the rite, the method of sacrificing, the recipient of the sacrifice, and the motive or intention of the rite. In a sense, what is always offered in sacrifice is, in one form or another, life itself. Sacrifice is a celebration of life, a recognition of its divine and imperishable nature.

Often the act of sacrifice involves the destruction of the offering, but this destruction—whether by burning, slaughter, or whatever means—is not in itself the sacrifice. The killing of an animal is the means by which its consecrated life is "liberated" and thus made available to the deity, and the destruction of a food offering in an altar's fire is the means by which the deity receives the offering.

The basic forms of sacrifice, however, seem to be some type of either sacrificial gift or sacramental meal. Sacrifice as a gift may refer either to a gift that should be followed by a return gift or to a gift that is offered in homage to a god without expectation of a return. Sacrifice as a sacramental communal meal may involve the idea of a ritual meal at which either some primordial event such as creation is repeated or the sanctification of the world is symbolically renewed.

कबीर ने समाज में रहकर समाज का समीप से निरिक्षण किया| समाज में फैले बाह्याडंबर, भेदभाव, साम्प्रदायिकता आदि का उन्होंने पुष्ट प्रमाण लेकर ऐसा दृढ विरोध किया कि किसी की हिम्मत नहीं हुई जो उनके अकाट्य तर्कों को काट सके। कबीर का व्यक्तित्व इतना ऊँचा था कि उनके सामने टिक सकने की हिम्मत किसी में नहीं थी। इस प्रकार उन्होंने समाज तथा धर्म की बुराइयों को निकाल-निकालकर सबके सामने रखा, ऊँचा नाम रखकर संसार को ठगनेवालों के नकली चेहरों को सबको दिखाया और दीन-दिलतों को ऊपर उठने का उपदेश देकर, अपने व्यक्तित्व को सुधारकर सबके सामने एक महान आदर्श प्रस्तुत कर सिद्धांतों का निरूपण किया। कर्म, सेवा, अहिंसा तथा निर्गुण मार्ग का प्रसार किया। कर्मकाण्ड व मूर्तिपूजा का विरोध किया। अपनी साखियों, रमैनियों तथा शब्दों को बोलचाल की भाषा में रखकर सबके सामने एक विशाल ज्ञानमार्ग खोला। इस प्रकार कबीर ने समन्वयवादी दृष्टिकोण अपनाया और कथनी-करनी एकता पर बल दिया। वे महान युगद्रष्टा, समाज सुधारक तथा महान किव थे। उन्होंने हिन्दू-मुस्लिम के बीच समन्वय की धारा प्रवाहित कर दोनों को ही शीतलता प्रदान की।
